Sad witch flyin'so high
tryin' to get away to somewhere so unreal,

To do wonders, you know
She can make a mountain out of a molehill.

ESTRIBILLO

Sad girl I'll go with you
I want to see wildest dreams
Take me to your hiddin place.

Your next victim I'll be
I want to swallow all the potions of your kind
Sad witch I'll be by your side
I'll get your crazy thinkings outside of your mind.

ESTRIBILLO

Sad girl I'll go with you
To do wildest things
Take me to your hiddin place.
